

The Pyramid on the Dollar Bill is not the Great Pyramid but it is the Celestial Pyramid Temple. It has 72 bricks to stand for the 72 deacons in the Celestial heaven.

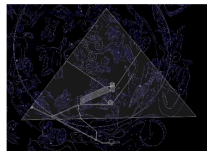

History records that the Hebrews built the Great Pyramid. The is all part of the vision of Jacob mentioned in the Bible and at 4Q 537 The Vision of Jacob found at Qumran.

JACOB'S LADDER

THE VISION OF JACOB 4Q537

Jacob Saw

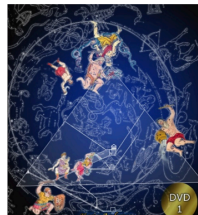

- ✦ How the Temple was built, the math in the Great Pyramid shows how it is laid over the planisphere.
- ✦ An Angel come down from heaven, this is Orion.
- ✦ Angels at the alter, stars were also considered angels.

HOW THE TEMPLE IS BUILT

ANGEL COME DOWN FROM HEAVEN

ANGELS AT THE ALTER

In Hebrew writings, the term "Heavenly Hosts" includes not only the counselors and emissaries of Jehovah, but also the celestial luminaries; and the stars, imagined in the East to be animated intelligences, presiding over human woe and woe, are identified with more distinctly impersonated messengers or angels, who execute the Divine decrees, and whose predominance in Heaven is in mysterious correspondence and relation with powers and dominions of the Earth... The Elohim originally included not only foreign superstitious forms, but also all that host of Heaven which was revealed in poetry to shepherds of the desert, now as an encampment of warriors, now careering in chariots of fire, and now as winged messengers, ascending and descending the vault of heaven, to communicate the will of God to Mankind.

Jacob's Dream

Genesis 28 **10**Then Jacob departed from Beersheba and went toward Haran. **11**He came to a certain place and spent the night there, because the sun had set; and he took one of the stones of the place and put it under his head, and lay down in that place. **12**He had a dream, and behold, a ladder was set on the earth with its top reaching to heaven; and behold, the angels of God were ascending and descending on it. **13**And behold, the LORD stood above it and said, "I am the LORD, the God of your father Abraham and the God of Isaac; the land on which you lie, I will give it to you and to your descendants. **14**"Your descendants will also be like the dust of the earth, and you will spread out to the west and to the east and to the north and to the south; and in you and in your descendants shall all the families of the earth be blessed. **15**"Behold, I am with you and will keep you wherever you go, and will bring you back to this land; for I will not leave you until I have done what I have promised you.

THE BOOK OF SECRETS-1Q27, 4Q299-301

In a surprising turn of events Qumran offers” proof, that “it” (i.e. meaning the War Rule and the Qumran Doctrine) is true. “The Book of Secrets”, addresses the subject as sort of a time capsule of information “so they did not rescue themselves without the secret of the way things are. Hear now what wisdom is. This “Proof” is based on the understanding of “Jacob’s Ladder Vision”, which the “Book of Secrets” argues, proves everything. When the meaning of this document is interpreted “Illumination” to become “wise” is also given. The Book of Secrets, apparently speaking to our generation, stated; “ The vision is sealed up from you, and you have not properly understood the eternal mysteries” The Qumran prophesies will come to pass, the book warns; “ This is all ready to happen, it is a true oracle, and by this it shall be known to you that it cannot be averted.” Apparently addressing Israel of the end time the author continues;

“they did not know the secret of the way things are nor did they understand the things of old and they did not know what would come upon them, so they did not rescue themselves without the secret of the way things are”.

THIS SCROLL DISCUSSES JACOB’S VISION

FIVE CLUES

The first four clues were about Archaeo-astronomy, the fifth is the origin of things.

This is a riddle. After reading the clues given, the answer should be apparent, to anyone initiated. Five clues are given to receive illumination and become wise. The first four discuss the archeo astronomy of Jacob’s Vision. The last clues relates to *the face of Jacob* and its role to commemorate Jacob’s Vision.

A subject which leads to the *face of Jacob* and its relationship to the Foundation Stone.

1. Lights of the stars for a memorial of His name.
2. Hidden things of the mysteries of Light and the ways of Darkness.
3. The times of heat with the periods of cold.
4. The breaking of day and the coming of night
5. The origins of thing

1. Lights of the stars for a memorial of His name.

God named the stars he called them out by name. They are the characters that become alive in the celestial drama as part of a memorial of His name.

2. Hidden things of the mysteries of Light and the ways of Darkness

Light was considered the good principle, darkness was considered evil.

Morels and Dogmas.

- Around the central and simple idea of the annual death and resurrection of the Sun a multitude of circumstantial details soon clustered. p. 449
- Osiris and Typhon were...principle of good and evil, of light and darkness ever at war in the administration of the Universe.p.476

3. The times of heat with the periods of cold.

The year itself was divided into periods of heat and cold. Heat was considered good and cold bad. Therefore, during the time when the Sun ruled, warmth prevailed, and this was good. During the day after the Solstice, it was cold, and darkness ruled which was considered evil.

Speaking of the Sun as seen by our ancient ancestors Albert Pike stated,

And they lamented when, after the Autumnal Equinox, the malign influence of the venomous Scorpion, and the vindictive Archer, and the filthy ill-omened He-Goat dragged him down toward the Winter Solstice. Arriving there; they said he had been slain (note *in Aries with the lamb), and had gone to the realm of darkness. Remaining there three days, he rose again, and ascended Northward in the heavens, to redeem the earth from gloom and darkness of Winter, which soon became emblematical of sin, and evil and suffering; as the spring, Summer and Autumn became emblems of happiness and immortality. Soon they personified the Sun, and worshipped him under the name of Osirus, and transmuted the legend of his

descent among the Winter signs, into a fable of his death, his descent into the infernal regions, and his resurrection. (Morels and Dogmas p.447)

4. The breaking of day and the coming of night

According to Albert Pike the ancients were concerned not only with the diurnal activity but also the annual activity of the Sun. This concept is also seen Biblically in the term a day is as a year to God.

In the projection of the celestial sphere by the astronomical priests, the zodiac and constellations, arranged in a circle, presented their halves in diametrical opposition; and the hemisphere of Winter was said to be adverse, opposed, and contrary to that of Summer. Over the angels of the latter ruled a king (OSIRIS or ORMUZD), enlightened, intelligent, creative, and beneficent. Over the fallen angels or evil genii of the former, the demons or Devs of the subterranean empire of darkness and sorrow, and its stars, ruled also a chief. In Egypt the Scorpion first ruled... the Evil Principle ...The Sun does not arrive at the same moment in each year at the equinoctial point on the equator. The explanation of his anticipating that point belongs to the science of astronomy; and to that we refer you for it. ...The precession amounts to 30° or a sign, in 2155.6 years. So that, as the sun now enters Pisces at the Vernal Equinox, he entered Aries at that period, 300 years B. C., and Taurus 2455 B. C. p. 450

Conclusions from above points describe the archeo astronomy of Jacobs Vision. The time period, corresponds to the building of the Great Pyramid. The House of the Sun is based on the equinox points in that period.

- Autumn Solstice The Sun entered Scorpio from Libra
- Vernal Equinox. At this time the Sun entered Taurus from Aries

5. The origins of things

The Origin of the Earth relates to the *foundation stone*.

Job -The Foundation Stone

"Where wast thou, when I laid the foundation of the earth?

Declare, since thou hast such knowledge!

Who fixed its dimensions, since thou knowest?

Or who stretched out the line upon it?

Upon what were its foundations fixed?

And who laid its corner-stone,

When the morning stars sang together,
